# PROGRAMMIERUNGSANWEISUNG
FADINI JUBI

Coding from a pre-programmed remote control. Please program remote controls within radio distance of gate

1. Take the new remote control and press down on both buttons simultaneously for an extended amount of time (minimum 10 seconds).
2. Release your fingers from both buttons.

3. Within 15 seconds of step 2, please take your existing remote and press both buttons simultaneously (the same ones you pressed on the other remote control) for 10 secondes.
4. Release the buttons.
5. Wait twenty seconds then try the new remote control.
